

# TWO BILLS ARE ALL THE WORK

## Legislature Has Really Passed Two Measure Both Of Which Are Of Minor Importance.

# LOWER HOUSE BALKS AT THE IDEA

## Does Not Want To Expedite Matters--Slaps At University Are Frequent And Timed To Have Vital Effect.

[SPECIAL TO THE GAZETTE.] Madison, Wis., Jan. 25.—Two bills passed through both houses and up to the governor for his signature represent the net result of the first three weeks of the present session of the Wisconsin legislature. One of these bills appropriates \$5,000 to the legislative reference department, where the members have their ideas drafted into the form of bills, and the other gives people at large the privilege of having mailed to them daily the printed copies of bills introduced and other legislative documents, for the fee of \$12 for the session. Just now the legislature is in a state of suspension because of the inability of the two houses to agree upon rules.

The new rules.

The rules were greatly revised by the committee and many amendments were made in either house, and the last move was for the assembly to declare its intention of making its own rules and leave the senate to do likewise for itself. Thus it appears that little actual work has been accomplished thus far, in spite of the earnest prediction that the leaders would make this session of the Wisconsin lawmakers shorter than any session previous for ten years.

List is large.

However, nearly 200 bills have been introduced and that must be recognized as no small progress even though

# WILL PLAY LASKER FOR CHAMPIONSHIP

## Young Brooklyn Chess Expert Seeks to Wrest World's Title From Victor of Steinitz.

[SPECIAL TO THE GAZETTE.] New York, Jan. 25.—Devotees of the game of chess are on the tip of expectation in anticipation of the opening game tomorrow in the world's championship match. The keen interest taken in the contest by all devotees of the silent pastime is not to be wondered at when it is borne in mind that this match between Emanuel Lasker and Frank J. Marshall is the first contest for the world's individual chess supremacy that has taken place since Lasker, the present title holder, defeated William Steinitz at Moscow ten years ago.

In their first match in 1894 Dr. Lasker had wrested the title from Steinitz with a score of 10 to 5 and 4 drawn. The second time they met, in 1897, Steinitz was beaten by 10 to 2 and 3 drawn. Steinitz had held the championship title for 28 years.

The series of games to begin tomorrow will tell the tale as to whether Marshall is of the calibre to cope with the great Lasker. The good wishes of a host of enthusiasts are with him, for it is generally conceded that, since the death of Pillsbury, the young Brooklyn player is the only American expert likely to possess the genius necessary to overcome Dr. Lasker. If he fails there are slim hopes for this country to capture the chess championship, at least for some years to come.

Marshall has won first prize in two great international masters' tournaments, in addition to many achievements of lesser magnitude. But in the serious judgment of many close followers of the game Dr. Lasker is supreme, despite the fact that he ran second to Marshall in the international tournament at Cambridge Springs in 1904.

According to the agreement signed by Lasker and Marshall they will play a series of twelve games in this city. Then they intend to contest a few games in other cities, including Brooklyn, Philadelphia, Washington, Chicago, and probably Memphis and Kansas City. If at the close of this itinerary the match has not been decided, the final games necessary to reach a verdict will take place in New York. In addition to the championship title the winner of the match will receive a purse of \$1,000.

# SENATOR TILLMAN PRINCIPAL SPEAKER

## Cardinal Gibbons, Governor Warfield and Others to Address North Carolinians.

[SPECIAL TO THE GAZETTE.] Baltimore, Md., Jan. 25.—Great preparations have been completed for the fourth annual banquet of the North Carolina Society of Baltimore at the Hotel Rennett tonight. Added interest has been given the affair by the announcement that Senator Tillman of South Carolina will be the principal speaker. Dr. Randolph Winslow will act as toastmaster and the other speakers will be Cardinal Gibbons, Governor Warfield, Mayor Tammann, Senator Leo S. Overman and Representative Claude W. Kitcher.

# IRISH EXPOSITION TO BE GREAT EVENT

## Original Purpose Was to Promote Industries of Emerald Isle—Fair Grounds Are Large.

[SPECIAL TO THE GAZETTE.] Dublin, Jan. 25.—With less than four months to elapse before the date of opening, the great international fair to be held here this summer is rapidly nearing completion so far as outward appearances go. It is expected that within two months at least, the construction work shall have been finished and everything ready for the installation of exhibits. Originally intended solely to promote the industries of Ireland, the scope of the enterprise has broadened as the work progressed and it is now manifest that the exhibition will take rank among the great international fairs of late years. The exposition occupies fifty-two acres of ground in Pembroke, within a mile and a half of the center of this city. The buildings now nearing completion are large and ornate, and strictly in keeping with the surrounding country. The principal buildings will house comprehensive exhibits illustrating all the Irish trades and handicrafts. Cottage industries will be given a prominent place and the native arts and crafts will have a great display. Incidentally it is expected that hundreds of thousands of visitors will be drawn to Ireland for the first time by this exhibition. It is expected too that the fair will form a magnet which will draw thousands of Irish-Americans back to their old homes during the coming summer.

# SILVER JUBILEE OF BISHOP WHITEHEAD

## Protestant Episcopal Bishop of Pittsburgh Diocese Was Consecrated Twenty-five Years Ago.

[SPECIAL TO THE GAZETTE.] Pittsburgh, Pa., Jan. 25.—Today was the twenty-fifth anniversary of the consecration of Bishop Cortlandt Whitehead, head of the Protestant Episcopal diocese of Pittsburgh, and the occasion was celebrated with interesting all-day exercises in Trinity church. A number of clergymen from a distance, including bishops of the church participated in the celebration. Bishop Whitehead is a native of New York and a graduate of Yale. Following his ordination in 1868 he served for three years on Colorado and later was pastor of a church at South Bethlehem, Pa. On January 25, 1882, he was consecrated bishop of the diocese of Pittsburgh.

# ANXIOUS FOR TRADE OF SOUTH AMERICA

## Germany Will Take Another Step in Campaign When N. Y. Steamship Service Is Inaugurated.

[SPECIAL TO THE GAZETTE.] Berlin, Jan. 25.—Another important step in Germany's organized campaign to capture the South American markets will be taken tomorrow with the inauguration of a regular steamship service between Bremen and ports on the Pacific coast of South America. The service is to be maintained by the Kosmos Steamship Company, which was established a little over a year ago by interests identified with the North German Lloyd and Roland companies.

# MINNESOTA WILL GO INTO SERVICE SOON

## Battleship on Which Work Was Delayed by Fire Will Be Completed in Near Future.

[SPECIAL TO THE GAZETTE.] Newport News, Va., Jan. 25.—The 16,000 ton battleship Minnesota, built by the Newport News Shipbuilding and Dry Dock company, will be placed in commission within the next two weeks. The Minnesota would have been commissioned before this but for the fact that much of its equipment was destroyed in the shipyard fire the latter parts of December. The most of the material destroyed, however, was of an unimportant character and has now been replaced, so that the big sea-going fighter will be ready to take her place in Uncle Sam's fleet before the first of the month.

# OLD AND NEW RULES COMMITTEES AS ONE

## Regulators of Football Game Meet at Murray Hill Hotel to Organize As One Body.

[SPECIAL TO THE GAZETTE.] New York, Jan. 25.—At the Murray Hill hotel today the members of the old football rules committee and the similar committee recently elected by the Intercollegiate Athletic Association of the United States met in joint session to decide the question of amalgamating the two committees again this year. There is little doubt but that the amalgamation will be effected. If it goes through the new committee will be the same as last year, with the exception that Prof. W. L. Dudley will take the place of F. M. Currier as the representative of the Southern colleges. This will leave the personnel of the committee as follows: Dr. Harry L. Williams, University of Minnesota; Prof. J. B. Fine, Princeton; Prof. John T. Lees, University of Nebraska; Walter Camp, Yale; William T. Reid, Jr., Harvard; John C. Bell, University of Pennsylvania; C. M. Savage, Oberlin; Prof. A. A. Stagg, University of Chicago; Prof. W. L. Dudley, Southern colleges; Lieut. Paul J. Dashiell, Annapolis; Lieut. Charles D. Daley, West Point; Dr. James Babbitt, Haverford; and Prof. L. M. Dennis, Cornell, chairman.

# MAGNATES TALKING OF NEW ALLIANCE

## Annual Meeting of Tri-State Baseball League Being Held in Trenton, N. J.

[SPECIAL TO THE GAZETTE.] Trenton, N. J., Jan. 25.—The magnates of the Tri-State League gathered in Trenton today for their annual meeting, which will continue over tomorrow as considerable business of importance is to receive attention. The meeting will review the proceedings of the recent baseball conferences in Cincinnati and New York and will discuss the new conditions that are to govern the league now that it has become a member of the national association. No opposition exists to the selection of Charles F. Carpenter, of Altoona, to head the league.

# DREADNOUGHT WILL CROSS THE WATERS

## Is Expected to Make Gibraltar-Trip in Eight Days—Maneuvers in South.

[SPECIAL TO THE GAZETTE.] Gibraltar, Jan. 25.—Under orders of the admiralty the mammoth battleship Dreadnought is to sail tomorrow on her first trip across the Atlantic. The objective point will be Trinidad, which it is expected to reach in about eight days after the departure from Gibraltar. The Dreadnought will stay about two months in West Indian waters, devoting most of the time to gun practice. The seaworthiness of the battleship will be given a thorough test, as the Atlantic season is usually at its worst at this time of year. As the arrival in the West Indian waters will take place before the American fleet has concluded its winter maneuvers in the same vicinity the American officers will be given an opportunity to see for the first time the latest marvel in naval architecture and the most talked about battleship afloat.

## Spark From a Match Ignited Window Curtains of Room 55 on Third Floor—This Afternoon.

As the occupant of room No. 55 on the third floor of the Hotel Myers scratched a match to light, a cigar this afternoon a spark set fire to the curtains and when he next looked in that direction they were a sheet of flame. The window was opened and for just a second a sheet of fire burst out—then the charred remnants dropped to the street. The wall paper and woodwork were badly scorched but beyond this and the destruction of the curtains, no other damage was done. The blaze was extinguished without the aid of the fire department.

# INTER-STATE COMMERCE COMMISSION MAKES ITS REPORT FOR CONGRESS

## Tillman-Gillespie Resolution Bears Fruit In The Findings Relative To Coal Roads.

[BY ASSOCIATED PRESS.] Washington, D. C., Jan. 25.—The Interstate Commerce Commission today transmitted to congress its first report on its investigation of the discriminations and of the monopolies under the Tillman-Gillespie resolution. The report deals with the bituminous coal carried east of the Ohio river. Ten railroads are involved in the matter and the report says all own directly or by a stock ownership in other companies large interests in the coal lands. The report recommends legislation forbidding that common carriers have any interest in coal properties except such as are exclusively for their own fuel supply.

The report deals with bituminous coal carried east of the Ohio river, and in territory bounded on the south by the Norfolk & Western railway, on the north by Canada, and on the east by the Atlantic seaboard. The roads involved are the Norfolk & Western, Chesapeake & Ohio, Baltimore & Ohio, Pennsylvania, Buffalo, Rochester & Pittsburgh, Beach Creek division of the New York Central & Hudson River, Pittsburgh, Sharpsburg & Western, Buffalo & Susquehanna, and West Virginia Central & Pittsburgh (now the Western Maryland railroad).

The report says that all of the above companies own, directly or by stock ownership in other companies, large interests in coal lands.

The report is only a partial one and will be followed by another, after further investigation. It is practically a summary of the information gleaned as a result of the investigation thus far made together with the presentation of facts pertinent to the general inquiry. The report concludes with recommendations for legislative action based on the developments thus far. These recommendations are:

First, That every common carrier engaged in interstate transportation of coal be required to make public the system of car distribution in effect upon its railway and the several divisions thereof, showing how the equipment for coal service is divided between the several divisions of its road and how the same in times when the supply of equipment does not equal the demand is divided among the several mining operations along such road, and that the carrier further be required to publish at stated periods and at each divisional headquarters upon its line of road the system of car distribution in effect and the actual distribution made to each mining operation under such system.

Second, That where the capacity of the mines is the basis for the distribution of equipment, a fair, just and equitable rating of the mines be required, and that provisions be made for the representation of owners of the mines at the rating thereof.

Third, That after reasonable time carriers engaged in interstate commerce be prohibited from using individual or private cars for handling of coal traffic.

Fourth, That carriers engaged in interstate commerce be forbidden after reasonable time to own or have interest, directly or indirectly, in any operated coal properties, except such as are exclusively for their own fuel supply, and that ownership, either direct or indirect, be prohibited.

## OSCAR KENDALL

FROM HANOVER

FOE TO FRISCAN GRAFTERS  
 WHOSE MYSTERIOUS DEATH  
 IS BEING PROBED.

RELATIVE OF MRS. CHILDS

Wife Visited Him Prior to Demise  
 and Physicians Said He Was  
 Recovering.

[SPECIAL TO THE GAZETTE.]

Hanover, Wis., Jan. 25.—Oscar J.  
 Kendall, who was prominent in the  
 recent anti-graft campaign in San  
 Francisco and whose sudden and  
 seemingly mysterious death there is  
 being investigated by relatives, was a  
 former Hanover resident and a brother-in-law of Mrs. Eva Childs. Mr. Ken-  
 dall's home is in Portland, but he was  
 taken sick with spinal meningitis  
 when in the capital of the Golden  
 State. His wife came to his bedside  
 and remained until the attending phy-  
 sicians announced that his recovery  
 was assured. She had scarcely more  
 than arrived home when news that Mr.  
 Kendall had died in convulsions was  
 received. The remains were shipped  
 to Portland for burial.

Was He Poisoned?  
 The suddenness of the demise caused  
 the family to desire a post mortem  
 examination. Portland doctors were  
 summoned, but found that the vital  
 organs had been removed and in their  
 places were wadded newspapers. Some  
 undertakers, however, use this method  
 in preparing bodies upon which  
 autopsies have been performed,  
 finding the work of embalming is  
 thus made much easier. But despite  
 this and because the family was not  
 informed of any autopsy in San Fran-  
 cisco there are those who refuse to  
 believe the convulsions were the re-  
 sult of the disease with which Mr.  
 Kendall was suffering and hold that  
 poisoning was very possible.

Suspicious Hard to Prove  
 However these suspicions will be  
 hard to prove for it is almost neces-  
 sary to examine the stomach and in-  
 testines to detect poison that might  
 cause death and these organs were  
 missing. The presence of embalming  
 fluid in the blood vessels also hindered  
 the gathering of evidence. But the  
 San Francisco authorities will as-  
 sist the relatives in the investigation.  
 Francis J. Heney, conducting the San  
 Francisco probe, for whom Mr. Ken-  
 dall acted as bodyguard, has stated  
 that he will sift the matter to the  
 bottom and get at the facts.

Bodyguard to Investigator  
 That Kendall was very active in his  
 assistance of Mr. Heney, that he made  
 several trips to Portland during his  
 service with Heney, and that he took  
 important witnesses before the San  
 Francisco grand jury, whose testi-  
 mony has helped to make the way of  
 the grafters hard, supplies suffi-  
 cient motive, say those who believe  
 that there has been foul play, to war-  
 rant the enemies of the investigation  
 taking desperate means to put him  
 out of the way.

Catarrh of the Stomach

A Pleasant, Simple, But Safe and  
 Effective Cure for It.

COSTS NOTHING TO TRY.

Catarrh of the stomach has long  
 been considered the next thing to in-  
 curable. The usual symptoms are a  
 full or bloating sensation after eat-  
 ing, accompanied sometimes with sour  
 or watery risings, a formation of  
 gases, causing pressure on the heart  
 and lungs and difficult breathing,  
 headaches, fickle appetite, nervousness  
 and a general played out, languid  
 feeling.

There is often a foul taste in the  
 mouth, coated tongue and if the in-  
 terior of the stomach could be seen  
 it would show a slimy, inflamed con-  
 dition.

The cure for this common and ob-  
 stinate trouble is found in a treatment  
 which causes the food to be readily,  
 thoroughly digested before it has time  
 to ferment and irritate the delicate  
 mucous surfaces of the stomach. To  
 secure a prompt and healthy diges-  
 tion is the one necessary thing to do  
 and when normal digestion is secured  
 the catarrhal condition will have dis-  
 appeared.

According to Dr. Harlan, the sat-  
 isfying and best treatment is to use after  
 each meal a tablet, composed of Di-  
 aseptic, Aseptic Pepsin, a little Nux, Gold-  
 en Seal and fruit acids. These tablets  
 can now be found at all drug stores  
 under the name of Stuart's Dyspepsia  
 Tablets and not being a patent medi-  
 cine can be used with perfect safety  
 and assurance that healthy appetite  
 and thorough digestion will follow  
 their regular use after meals.

Mr. R. S. Workman, Chicago, Ill.,  
 writes: "Catarrh is a local condition  
 resulting from a neglected cold in the  
 head, whereby the lining membrane of  
 the nose becomes inflamed and the poi-  
 sonous discharge therefrom passing  
 backward into the throat reaches the  
 stomach, thus producing catarrh of the  
 stomach. Medical authorities prescrib-  
 ed for me for three years for catarrh  
 of stomach without cure, but today I  
 am the happiest of men after using  
 only one box of Stuart's Dyspepsia  
 Tablets. I cannot find appropriate  
 words to express my good feeling. I  
 have found flesh, appetite and sound  
 rest from their use."

Stuart's Dyspepsia Tablets is the  
 safest preparation as well as the sim-  
 plest and most convenient remedy for  
 any form of indigestion, Catarrh of  
 stomach, biliousness, sour stomach,  
 heartburn and bloating after meals.

Robert Burns, the poet of Scotland's  
 common people, was born on the twen-  
 ty-fifth of January, 1759, and died in  
 1796. On this, the hundred and forty-  
 eighth anniversary of his birth, those  
 of Scottish blood who reside in Janes-  
 ville and the surrounding country will  
 pay tribute to his memory. A celebra-  
 tion has been arranged by the Cal-  
 donia society and a program and  
 dance will be given in Central Hall  
 tonight. Beginning at eight o'clock  
 the following will be offered:

1. Overture, "Bonnie Scotland," Orchestra.  
 2. Address and Song, "Views of Scotland," Rev. R. C. Denison.  
 3. Song, "Afton Water," Miss Bessie Burch.  
 4. Recitation, "The Relief of Lucknow," Erna Suomaker.  
 5. Frolic of the Butterflies, Miss Charlotte G. Chamberlain.  
 6. Song, "My Laddie," Miss Bessie Burch.  
 7. Recitation, "Scene from Love's Mary," Miss Erma Suomaker.  
 8. The Shepherd Boy, Miss Charlotte G. Chamberlain.  
 9. Auld Lang Syne, Orchestra.

DANCING.

COLUMBIA'S INDOOR  
 ATHLETIC CARNIVAL

All Eastern Colleges and Many Acad-  
 emies, High and Private Schools  
 Have Entered.

[SPECIAL TO THE GAZETTE.]  
 New York, Jan. 25.—With all the  
 important features of a championship  
 competition scheduled, and an entry  
 list comprising many of the leading  
 college and club athletes in the east,  
 the annual indoor games of the Colum-  
 bia University Athletic association in  
 Madison Square Garden tonight prom-  
 ises to be the most remarkable event  
 of the kind held so far this season.  
 Relay racing as usual will be a con-  
 spicuous part of the program. Teams  
 from Yale, Pennsylvania, Cornell,  
 Brown, Dartmouth and Columbia are  
 entered in the mile inter-collegiate re-  
 lay championship. In the one-mile in-  
 vitation race George V. Bonhag, the  
 track Irish-American A. C. runner, will  
 be a starter, and it is quite likely  
 that Melvin Sheppard of the same  
 club will repeat his performance of  
 last year and thus keep the valuable  
 trophy in the possession of his club.  
 Practically all the smaller colleges in  
 the east have entered in the various  
 events, as well as numerous prepara-  
 tory, high and private schools.

MAGAZINE SECTION  
 PLEASES EVERYBODY

Gazette's New Departure Is Delight-  
 ing All the Old and New Readers  
 of the Paper.

Each Saturday evening the Gazette  
 sends out a special magazine sec-  
 tion with sixteen pages of interesting  
 reading to its subscribers. Words of  
 praise of the magazine and its con-  
 tents are heard on every side. There  
 are special articles, on home, for wom-  
 en, on the farm, on the stage, and  
 pages for the little people. Aside

from this there are selected short  
 stories and a continued story by Ran-  
 dall Parrish, "When Wilderness Was  
 King." It comes with the Saturday  
 night Gazette, so be sure and look  
 for it with your paper.

## FIRST ANNUAL BALL OF EAGLES' LODGE

And Numerous Other Social Events  
 Attracted Those on Pleasure Bent  
 Last Evening.

From nine o'clock last evening un-  
 til one this morning a merry throng  
 of dancers paid homage to Janesville  
 Aerle No. 724. Fraternal Order of  
 Eagles, and the full Knelt & Hatch  
 orchestra at the lodge's first annual  
 ball. Assembly hall, decorated with  
 trellises and archways of greens, was  
 the scene of the festivities and the  
 presence of a number of visitors from  
 Beloit, Rockford, and Madison, lent  
 additional zest and spirit to the merr-  
 y-making. The arrangements were in  
 charge of S. H. Dorn, John U. Fulton,  
 and Fred J. Schmidt, and the floor  
 committee consisted of J. C. Nichols,  
 Ernest Allen, and Edward Amerphol.  
 Next fall the order plans to invest a  
 small fortune in decorations and other  
 appointments and give a ball which  
 will rank with the most memorable  
 social events ever given in this city.

W. C. O. F. Party.  
 St. Mary's Court No. 175, W. C. O.  
 F. entertained a large company last  
 evening at a car party and dance given  
 at Central hall. Miss Ida Miller  
 won the ladies' first prize; Miss Marie  
 Donahue, the ladies' second; Leo  
 Blank, the gentlemen's first; and Rich-  
 ard Barry, the second. Roy Carter's  
 orchestra played for the dance and a  
 delightful time was enjoyed by all of  
 the participants.

Mystic Workers' Dance.  
 Janesville Lodge No. 196 of the  
 Mystic Workers enjoyed a dancing  
 party at East Side Odd Fellows' hall  
 last evening. Crandall Bros. orches-  
 tra provided the inspiration and a  
 large number on pleasure bent were  
 in attendance.

At the Skating Rink.  
 The regular Thursday night private  
 party at the roller skating rink was  
 attended by about fifty couples. Gray's  
 orchestra played and a good time was  
 enjoyed by all. Another party will be  
 given next week.

Y. M. C. A. LOSERS  
 TO MILTON COLLEGE

By the Score of 40 to 47 in the Bas-  
 ketball Game Played Here  
 Last Evening.

Defeat by the score of 47 to 40 was  
 the portion of the Y. M. C. A. basket-  
 ball team which met the Milton Col-  
 lege five in the local gymnasium last  
 evening. The first half ended with the  
 score 17 to 16 in favor of the vis-  
 itors and the lead was slightly increas-  
 ed in the second half. Good work  
 was done by both teams and the game  
 was an exciting one from start to  
 finish. The Crescents and the Y. M.  
 C. A. second team, both local organ-  
 izations, played a game and the Cres-  
 cents won by the score of 40 to 37.  
 The lineups for the principal game  
 were as follows:

ROBERT KNOFF HAS  
 HIGHEST STANDING

Former Janesville Boy is Given Im-  
 portant Place on the Legis-  
 lature Staff.

One of the most important of the  
 subordinate clerkships of the legisla-  
 ture is held by a former Janesville  
 boy, Robert E. Knoff, son of Mr. and  
 Mrs. H. Knoff, who live at 408 West  
 Bluff street. Mr. Knoff was appointed  
 yesterday as clerk of the joint com-  
 mittee on enrolled bills and will have  
 charge of the measures after passing  
 through both houses and will have  
 submission to the executive for his  
 approving signature or to be vetoed  
 sent back to the legislature. Former-  
 ly the enrolling was done in longhand  
 and this clerk had charge of a nu-  
 merous force of copyists, but two  
 years ago the system was changed so  
 that bills are enrolled by printing on  
 heavy paper in peculiar type, as is  
 done in congress. The appointment  
 was made through the competitive ex-  
 amination process of the civil service  
 commission. Mr. Knoff standing high-  
 est on the list which resulted from  
 the examination of some 80 applicants.  
 The place pays \$5 a day. He gradu-  
 ated from the high school here in  
 1896, went to the university and has  
 been in newspaper work in Madison  
 for the past several years.

Fined Once a Week for Five Years.  
 Mr. Popp, tobaccoist, of High Wy-  
 combe, has been fined every week for  
 nearly five years for opening his shop  
 on Sundays. The fines began at \$3.75,  
 but are now only half as much.—Lon-  
 don Sketch.

 waukee, recuperative furnace; H. M.  
 Golditz, Milwaukee, heel for boots and  
 shoes; J. Dodge, Milwaukee, food wa-  
 ter heater; N. Leiden, Milwaukee,  
 dust-guard for automobiles; W. J.  
 Litts, Janesville, delivering horn for  
 talking machines; F. F. Martin, Be-  
 loit, molding machine; P. Olson,  
 Stoughton, block molding machine;  
 W. L. Playman, Stevens Point, chair  
 leg fastener; W. H. Quirk, Milwa-  
 kee, ash sifter; A. Breslau, C. C. Mil-  
 waukee (2), marachino cherries; bit-  
 ters (trade marks); S. I. Henderson,  
 West Allis, "Pineozone" (for a medi-  
 cal paste) (label); J. Graf, Milwa-  
 kee, (certain beverages) (trade  
 mark).

BIG PARASITES  
 BEING REMOVED

Cooper's Medicine Brings New  
 Disease Into Promi-  
 nence.

Young Man Explains the Cause of  
 Trouble—Says Creatures In-  
 fect Rare Meat.

Cincinnati, Ohio, Jan. 24.—Prob-  
 ably the most unusual feature of the  
 excitement that has been created by  
 L. T. Cooper's visit to this city is the  
 removal of parasites or tape-worms by  
 his preparations.

During the early part of Cooper's  
 stay in Cincinnati individuals who  
 were taking "New Discoveries" as it is  
 called, brought either to himself or to  
 physicians throughout the city im-  
 mense parasites that had left the sys-  
 tem after using the medicine.

"Many of these people were fright-  
 ened, and cases of this sort became so  
 numerous that Cooper finally made  
 the following statement for publica-  
 tion:

He said: "In every city I visit  
 these things are brought to me within  
 a few days after my medicine is sold  
 in the city. They are what is known  
 as the tape-worm, and grow to an  
 enormous size."

"Few indeed realize how prevalent  
 these creatures are. I think I have  
 been the first to demonstrate what a  
 large factor they are in the poor  
 health of this generation. I believe  
 that fully one-half of the chronic  
 stomach trouble so universal is  
 caused by these parasites."

"Individuals may have them for  
 years and not be aware of the reason  
 for the continued ill-health but at-  
 tribute it to many different diseases,  
 when in reality one of these creatures  
 is robbing them of their vitality."

"These parasites are taken into the  
 system in uncooked food or raw meat  
 in the form of an egg, which hatches  
 almost immediately. People suffering  
 from them experience a feeling of  
 lassitude and are extremely nervous.  
 The action of the 'New Discoveries'  
 seems to be fatal to these great  
 worms, and in most cases a few doses  
 of the medicine drives the creatures  
 from the system. I will have hundreds  
 of them brought to me before I leave  
 the city."

This gruesome prophecy has been  
 amply verified, for not only hundreds  
 but thousands of Cincinnati people  
 have been relieved of some of these  
 fearful parasites since taking Cooper's  
 preparation, and the entire city has  
 been aroused by the fact.

Some of these parasites are of such  
 enormous size as to startle the im-  
 agination. The statement of Father  
 John Baptist Arnold, one of the best  
 known and best beloved priests in  
 this section of the country, verifies  
 this. His statement, among others  
 given to a reporter, was as follows:

"For years I have suffered from what  
 I thought was a general run-down  
 condition of the system caused by stom-  
 ach trouble. I felt extremely tired all  
 the time, and it was a great effort to  
 attend to my duties. I would wake  
 up in the morning feeling as worn out  
 as when I went to bed. If I stood for  
 any length of time I would have pain  
 in the lower part of my back, and  
 would have to sit down."

"I was very nervous and depressed  
 in spirits, and was troubled with dizzy  
 spells. I would see spots before my  
 eyes when I stooped over and raised  
 up quickly. I had a very irregular ap-  
 petite, and would have palpitation of  
 the heart after ascending the stairs."

"The talk about Cooper's prepara-  
 tions was so universal that I decided  
 to try some, although I do not take  
 patent medicines as a rule. I took  
 four doses of the 'New Discoveries' as  
 it is called, and a tape worm about  
 ninety feet in length left my system."

"I am very thankful for this great  
 relief, and now I know what has been  
 the cause of all my sufferings."

This story of Father Arnold is a  
 fair sample of the experience of an  
 astonishing number of Cincinnati  
 people, and Cooper's preparations are  
 selling here in immense quantities. It  
 is now estimated that he has sold one  
 hundred thousand bottles to date in  
 this city alone, and the sale is still

of its flight, a pigeon has been known  
to make 1,900 yards a minute.

**DOTS AND DASHES.**  
The Academy of Music in Washing-  
ton was damaged \$50,000 by fire.

H. E. Ager, a member of the Indiana  
legislature, was drowned in the Wa-  
bash river.

Rev. J. T. Kraft, of Elgin, Ill., was  
elected president of the Swedish Min-  
isters' association of the Rockford dis-  
trict.

Mattie Merritt, aged 27; Vergie Tay-  
lor, aged five, and Ethel King, aged  
four, were burned to death at Indian-  
apolis.

In a fit of jealousy John J. Jackson,  
of Fresno, Cal., killed Susie Pearson in  
the presence of her father and then  
killed himself.

It was officially announced by the  
Colorado Fuel and Iron company that  
24 men were killed by the mine ex-  
plosion at Primero, Col.

Dr. B. P. Crammer, of Omaha, one of  
the best known physicians and sur-  
geons of the west, died from the ef-  
fects of a paralytic stroke.

The central part of the city of Po-  
lotsk, in the province of Vitebsk, one  
of the most ancient cities of the Rus-  
sian empire, was destroyed by fire.

The Texas oil fields along the Gulf  
coast have decreased their production  
over 45 per cent. within the last week  
and the cause is attributed to seismic  
disturbances in Jamaica.

High water in the Ohio river caused  
a Baltimore & Ohio freight train on  
the Merietta branch to plunge through  
a bridge and the engineer, fireman and  
two brakemen were killed.

**FIELD'S SECURITY HOLDINGS.**  
Par Value About \$40,000,000, Real  
Worth Much More.

Chicago, Jan. 25.—Details of the  
vast stock and bond holdings of the  
late Marshall Field became accessible  
Thursday night. In the executors' ex-  
tremely conservative estimate of \$75,  
000,000 as the total value of the Field  
estate the personal property is placed  
at \$50,000,000. The executors of the  
estate filed in the probate court late  
in the afternoon their inventory of the  
property.

The par value of the stocks and  
bonds is given, but no statement is  
made showing the present cash value  
of these securities. For this reason  
it becomes difficult to give an accurate  
estimate of the present worth of the  
property. The investments are gener-  
ally among those classed as "gilt  
edged," and the securities generally  
have to-day a far higher market value  
than the par figures would indicate.

The listed value of these personal  
holdings—at par—amounts to a figure  
in the neighborhood of \$40,000,000,  
but in some cases the market value of  
stocks is five times as great as the  
par value. Actual cash in Chicago  
banks is over \$4,000,000.

**Gas Kills Col. J. F. Y. Blake.**  
New York, Jan. 25.—Col. John F. Y.  
Blake, who recruited the Irish-Ameri-  
can brigade that fought against Eng-  
land in the Boer war, was found dead  
in his room Thursday, a victim of gas  
poisoning. He lived in a boarding  
house at 275 West One Hundred and  
Twenty-second street. There is every  
indication that his death was acciden-  
tal.

**Uriah Culbert Is Dead.**  
Michigan City, Ind., Jan. 25.—Uriah  
Culbert, former state senator, died  
Thursday. He was born in Allegheny  
county, New York, in 1835. He was  
in the lumber business at Muskegon,  
Mich., formerly, and for many years  
was a marine contractor.

## Before The Footlights.

LUCIA MOORE AS "MOLLY KELLY" IN "THE TIME, THE PLACE AND THE GIRL" AT MYERS' THEATRE TOMORROW EVENING

The Askin-Singer company proposes  
to present at the Myers Theatre on  
Saturday Jan. 25 the latest Chicago  
musical success entitled "The Time,  
the Place and the Girl." This attrac-  
tion has been the feature of Chicago  
theatricals for six months, since the  
beginning of its engagement, and it is  
likely to remain in that pleasant situ-  
ation for as much longer as its man-  
agers care to have it. Frank R. Adams  
and Will M. Hough are the authors  
of its book and Joseph E. Howard of  
its music.

The leading character in the play is  
that of Humpy Johnny Hicks, played  
with rare ability by Arthur Deacon—  
a square young gambler, good-hearted  
and honorable, and blessed with a  
philosophy as golden as the sunshine.  
Hicks with his rich young friends,  
Tom Cunningham and Laurie Farn-  
ham, participate in a "scrap" in a  
Boston gambling house, and Cunning-  
ham smites one of his opponents over  
the head with a wine bottle. This  
putting him out of the gambling busi-  
ness for awhile. They escape to a  
sanitarium, where Cunningham meets  
his lady love, and where Hicks con-  
fronts his fate in the person of the

pretty head nurse. The threatened ap-  
proach of the officers of the law  
prompts Cunningham to ask Hicks to  
take the blame for the escapade—else  
his love chase will be futile. Hicks  
does this and then learns that the in-  
jured man is a brother to Molly Kel-  
ly, the head nurse, and the apple of  
his eye.

The chief charm of the play is  
found in the two characterizations of  
Molly Kelly and Johnny Hicks. Both  
of them are unusual to stage conven-  
tionality, and their colloquies, brist-  
ling with smart, epigrammatic slang,  
are to be classed among the most  
legitimately funny incidents of mu-  
sical comedy. There are ten attrac-  
tive musical numbers in Mr. Howard's  
score, all of them what the popular  
song public terms "hits." They have  
had the sanction of every concert  
band and cafe orchestra in Chicago  
for the past six months.

The chorus is one of the most at-  
tractive clusters of amiable beauties

that it is strikingly original and never  
obtrusive.

Janesville Daily Gazette, Friday, Janu-  
ary 25, 1867.—A Crash.—A wooden  
awning in front of the store of Dr.  
Hackley, loaded too heavily with  
snow, fell with a crash about 9 o'clock  
this morning, breaking one of the  
large lights of glass in his show win-  
dow. Nobody hurt.

Sensible.—Last evening at a meet-  
ing of the committee appointed to  
consider the best means of defense  
against fire, we understand that the  
unanimous opinion was that the char-  
ter should be so amended as to en-  
hance the council in their expendi-  
tures on fire apparatus. Sensible.

The Snow and the Railroads.—The  
series of snow storms which have  
been swinging around the circles of  
the country for the past few weeks  
embraced this locality last night, and  
the snow has continued to fall all day.  
As we go to press it is about 15 inches  
deep on the level. We expected that  
the railroads would be blocked up as  
there was considerable wind but the  
Chicago & North-Western train from  
Chicago arrived and departed on time  
today. Two locomotives, one with  
snow plow, were attached, and it  
came through without any delay and

we have no doubt will reach its des-  
tination as usual.

The Monroe train was also on time  
but the train from Madison and Mil-  
waukee had not arrived as we go to  
press.

Didn't Stand on the Order of His  
Going.—A Man named P. Wilson who  
was arrested a few days since on a  
serious charge was brought into court  
this morning for an examination. De-  
fendant's counsel asked leave to speak  
with him in the hall. After the lapse  
of fifteen or twenty minutes counsel  
reappeared but no client. When asked  
why he was the counsel replied he  
didn't know; he left him in the  
hall! The kind of bail the prisoner  
took is familiarly known as leg bail.

Should be Arrested.—Some man, we  
don't know his name, makes a prac-  
tice of getting intoxicated and then  
going through the streets hooting like  
a screech owl. He carries altogether  
too much steam and should be taken  
to Captain Putnam's restraining in-  
stitution, where he could cool off.

## CUT-OFF CITY HAS A BUDGET OF NEWS

Evansville Gossip Regarding Happen-  
ings and Personals of Past  
Few Days.

Evansville, Jan. 23.—Adelbert Jones  
and Miss Zella Frances were quickly  
married in Rockford, Tuesday, (today).  
They will return to this city in a cou-  
ple of days, stopping in Rehr for a  
brief visit with relatives. The groom  
is the son of Mr. Jones, for many years  
supervisor of the Town of Union, and  
is one of the R. F. D. carriers east of  
this city. They will go, to house-  
keeping as soon as a house which  
they have rented, can be vacated.  
Many friends extend congratulations.  
Chauncey Rosa.

The funeral of Mr. Chauncey Rosa,  
who died at the home of his son Elmer  
on Saturday, were held Monday,  
and the remains were taken to Center  
cemetery for burial. Mr. Rosa was  
nearly 83 years of age and came to  
Wisconsin, (town of Center) in 1841,  
having left New York at the age of  
sixteen. His first wife died in 1865,  
and later he was again married. Be-  
sides his second wife he leaves six  
sons and four daughters: Zimrie of  
Los Angeles, Cal., George of Lincoln,  
Neb., Adelbert of Center, Judge Chas.  
D. of Beloit, Claude of Center, Elmer  
of Evansville, Emma Manhardt and  
Mrs. W. J. Whitmore of Milwaukee,  
Mrs. Wm. Appel of Beloit, Mrs. G. A.  
Ballard of Manchester, Iowa.

The infant daughter of Mr. and Mrs.  
Jas. Lay (nee Harriet Blake) was bur-  
ied Saturday, having lived but a  
few hours.

Mrs. Edgar Fish returned from  
Reedsburg Sunday evening when she  
was called by the death of an aunt.  
Charity Ball.

The 13th annual Charity ball will  
be held in Magee's hall on Friday eve-  
ning, Feb. 15, to music by Knoff &  
Hatch orchestra, of Janesville. Con-  
cert from 8 to 9, followed by dancing.  
Everybody come and have a good  
time.

The Epworth Rally, Saturday  
and Sunday was not as well attended  
owing to the weather, but proved inter-  
esting to those who braved the storm.  
About sixteen delegates were present.  
The address by Sarah Bosworth, who  
has spent 14 years in mission work  
in China, was very much enjoyed.

Rev. R. C. Denison of Janesville,  
and Rev. L. A. Parr of Edgerton will  
speak on "The Religious Conditions  
in Wisconsin" in the local Congrega-  
tional church Wednesday evening.

A musical program will be rendered  
in the Methodist church Sunday eve-  
ning. Rev. North will deliver a short  
discourse.

The many friends of Rev. Clark A.  
Wilson, a former rector of St. John's  
Episcopal church, were glad to meet  
him on his brief visit here yesterday,  
and today. He is now a successful  
rector at Superior.

Miss Sarah Bosworth and mother  
of Delavan, were entertained over the  
Epworth Rally by Mrs. North and  
Mrs. Louise Clark.

The ladies of the local W. R. C. will  
serve a fifteen-cent chicken pie sup-  
per in their hall over W. J. Clark's  
store, on next Saturday, from 5 until  
all are served.

Mrs. Harry Hayward visited over  
Sunday (at Mauston, guest of her  
daughter, Mrs. Minnie Green).

Madame Chevre, the palmist and  
clairvoyant, who has been here for  
the past three weeks, will finish her  
work Thursday and we understand  
that she will go to Edgerton from  
here. She has done a good business  
here and has proven herself capable  
in her line.

Evansville friends were glad to  
meet Sheriff Ira U. Fisher on our  
streets Monday.

Mrs. Ada Shaw of Roscoe, Ill., was  
a guest over Sunday of Mrs. Carrie  
Slawson.

Mrs. Clarence Walker, who was in-  
jured the night of the fire in Brook-  
lyn, has recovered sufficiently to  
spend this week here with her moth-  
er and sister, Mrs. W. H. Briggs.

Mrs. Nettie France of Chicago, is  
visiting local relatives.

Miss Parlass of Janesville, is visit-  
ing Mrs. Edwin Cary.

Mrs. John Brand returned to her  
home in Elmira, N. Y., having spent  
several days with her son, T. Herbert  
Brand and family at the Central  
House.

John Helm of Edgerton, is visiting  
his grand daughter, Mrs. Ezra Glidden.

Several from this city are planning  
on attending the musical play en-  
titled "The Time, the Place, and the  
Girl," at Myers' theatre, Janesville,  
Saturday evening.

Archbishop Nuttall Cables Thanks to  
President Roosevelt—Swettenham  
Says 500 Bodies Buried

Washington, Jan. 25.—The receipt  
in this city Thursday of the official  
full text of the correspondence be-  
tween Rear Admiral Davis and Gov.  
Swettenham, of Jamaica, caused Sec-  
retary Metcalf again to study the situ-  
ation to see if Admiral Davis had in  
any way transgressed the bounds of  
propriety on his visit to Kingston.  
He not only found a precedent for  
his landing men from his ships to pre-  
serve order, strangely enough in the  
case of another British island in the  
West Indies, Trinidad, but also saw  
nothing in the whole affair to warrant  
the letter addressed to him by Gov.  
Swettenham.

President Roosevelt Thursday night  
received a cablegram from Dr. Eunos  
Nuttall, lord archbishop of the West  
Indies and chairman of the Kingston  
relief committee, tendering his thanks  
for the prompt visit of the American  
warships under Rear Admiral Davis.  
The message is as follows:

"We all appreciate deeply American  
sympathy in our distress and the  
prompt visit of your men of war for  
our succor. Happily the supply of  
food available for relief committee is  
sufficient. After meeting the cost of  
this, our next great want will be the  
means for making small houses habit-  
able. All our people are behaving  
splendidly."

London, Jan. 25.—The colonial  
ministry has received several tele-  
grams from Sir Alexander Swet-  
tenham, the governor of Jamaica,  
explaining the incident with Rear Ad-  
miral Davis, but not one is of such a  
character that the authorities are pre-  
pared to give it to the public.

Thursday evening the colonial office  
gave out two reports received from  
the governor on conditions in Jamaica.  
Sir Alexander says that up to date 500  
bodies have been buried, in addition  
to a number of remains that could not  
be distinguished or identified. The  
governor estimates that 200 bodies are  
still buried in the ruins, and that it  
probably will take 12 months to re-  
move all the debris.

WISCONSIN WEATHER FORECAST

Fair tonight and warmer in western portion, Saturday fair and warmer.

RURAL PROSPERITY

In the Wall Street Journal, the following article relative to rural prosperity being a safeguard of a nation appears. It is not entirely with the general accord of prosperity, but shows the ideas, that thinking men have of the situation:

"A well-informed observer of business conditions throughout the country, especially in the west and south-west, where he resides, takes issue with the view expressed in these columns that the business outlook outside of agriculture should find an element of promise in the stability in agricultural prosperity.

"On the contrary," he says, "it is my judgment that within the next six years, we will see a greater panic in this country than we have ever had before. The further it is put off the greater it will be when it does come. And for years therefore, the prices of agricultural products and the prices of farms may sag to a very low level. For nineteen consecutive years we have had bountiful crops and high prices. That has at once stimulated all kinds of industries, but it will go on bulling prices in stocks, and all kinds of industries, increasing extravagance in all kinds of living, until the bubble will burst."

"The reasoning in this view is to the effect that a series of bountiful crops and high prices are sure to result in an over-estimation of resources, which breeds extravagance not only among those engaged in agriculture, but also in manufacturing, trade and finance. These extravagances lead to the substitution of credit for cash, and people buy for consumption without having the means to pay for it, trusting that the future will make good to the measure of their desires. The history of prices and of periods of prosperity lends much force to this view of things.

"The tendency of human nature to over-reach itself in prosperity is not disputed, and probably it is no where more marked than in prosperous farming regions. Furthermore, the enlargement of production is sooner or later likely to affect prices unfavorably and with prices reduced comes decline in the value of lands. But even this result need not be so intense as to bring about an economic catastrophe.

"One thing is certain, that with the present valuation upon lands in many of the southern and western sections of the country, it is likely to be difficult to get anything but a very low rate of return on the investment. Even with good farming and careful management this is not easy, and much less so with poor management where tenantry is the common form of holdings. Under such circumstances the exhaustion of capital is likely to result, because little, if any of the income will be put back for maintenance or improvements. It is becoming, therefore, to consider the future in this light in order that something may be set aside for the evil day. Or better still were it to return to the simpler standards of living, to be content with being well clothed, well housed and well fed, and within reach of the things that make for the contentment and happiness of people."

### THE PANAMA CANAL

The antagonism to the construction of the Panama canal has not ceased even with the beginning of the work of actual construction. While the antagonism manifests itself chiefly among officials of transcontinental railroads yet that fact does not necessarily detract from the sincerity of their criticism, although it is likely that their interests prejudice their judgment.

One of the arguments used to show that the building of the Panama canal is a useless drain upon the capital of the world is this: that only about five per cent of the population of the world lives south of the equator and that of the world's population of 1,500,000,000 only a little over 36,000,000 reside in South America. But while such statements, as these, are of interest they do not necessarily prove anything as regards the traffic through the canal. Moreover, people will hold that the canal will pay for itself if it simply acts as a regulator of railway rates, to use the phrase formerly employed by Albert Fink in speaking of the Erie canal. In these days the most important work performed by artificial waterways is that of a check upon railroad monopoly, and it is quite notable that where as a number of years ago the tendency was to abandon canals, now the tendency is to build them. It is not at all likely that by the time the Panama canal is built the transcontinental

tal lines will suffer materially from its competition. The commerce of the world grows so rapidly that there is room for all. Indeed, the inability of our railroads to handle all of the traffic of the country is responsible in no small measure for a revival of activity in water transportation.

### MAKES THEM SQUIRM

That the systematic attacks of the Gazette and other papers, on the mail order houses who prey upon the farmers at the expense of the local merchants, is making itself felt, is evidenced by the campaign the mail order houses are starting to repudiate the work being done for the benefit of the home merchants and the protection of the farmer. An article in the Northwestern Agriculturist headed "Catalogue Buying" defends the mail order houses and their methods. The buying of groceries and general merchandise by the consumer by mail at the expense of the local dealers, sending the money out of the community to aid a gigantic corporation that has no sympathy in your locality, is a question of economics that should appeal to every would-be purchaser. Local pride should aid the small dealer by keeping the money at home and aiding local enterprises rather than impoverishing the entire community.

The Madison Democrat is fighting the granting of an extended interurban franchise. Well, the Madison papers always did have to fight something that meant a great deal for their city. Look how they fought the asphaltum about the Capitol park.

Arkansas is having a wave of reform and the people do not like it. There are other communities that have waves of reform and the people do not like it and finally rise in their might and destroy the reformers.

This cold weather appears to have struck even fair and smiling Italy and the Argo in Venice and some of the beautiful limpid canals are frozen hard. Think of that and then sit closer to the fire.

It was safe to say that the assembly would not conform to any plan the state senate asked them to. Expedite work? Not much. Delay it all they can is the doctrine of this astute body.

It will soon be ground-hog day and then we can surely tell the weather for the next six weeks. No telling now how cold it will be before then though.

Uncle Sam has closed the Jamaica incident and the peppy Governor is to be dealt with according to his deserts by his own country.

## RAILWAY COMMISSION MAKES ITS REPORT

Continued from page one.

ly, or indirectly, by officers or employees of common carriers of any coal properties or any of the stock of coal companies along the line of road by which they are employed, be forbidden.

A summary is given showing, as developed during the investigation, the interest of railroad officials in corporations or companies operating coal mines or engaged in coal traffic. The details of this information largely have been published.

One officer of the Chesapeake & Ohio Railway company, the report says, has an interest in five or six thousand acres of coal lands in Kentucky, but there is no coal operation on the land.

Ownership of stock in coal companies by officers and employees of the Pennsylvania railroad, the report says, has created a serious and dangerous condition on the line of this company. These officials and employees are of three classes, which the report enumerates.

As to the first class, the policy of permitting officials and employees of railroad companies to hold investments in coal companies furnishing traffic to the railroad, is, in the opinion of the commission, a mistaken policy under present conditions and is responsible for favoritism. In any event, it subjects such officers and employees to criticism and suspicion, and the report says the policy should be speedily changed, and the practices thereunder forbidden.

As to the second class who, joining with others, holding options on or titles to coal properties, acquired interest therein by promoting or allowing the use of their names as promoters, the report says this system was used to a large extent by persons outside of officers and employees of the road to advance their own interest and to enlarge the shipments from the coal properties they were operating, the purpose being to secure by means of the influence of railroad officials and employees undue and unjust advantage over other coal companies having no such affiliations.

As to the third class, the officers and employees to whom stock in coal companies was given outright, without subterfuge or pretense of purchase this system was frequently restored to, and the officers and managers of the coal companies usually selected the officers and employees of the railroad whose influence it was thought desirable to secure. This practice has grown to be a scandal on the Pennsylvania railroad and no one appearing before the commission attempted to justify it. The commission cannot too strongly express its disapproval of these practices.

Notice is taken of an executive order issued by the President of the Pennsylvania railroad on July 5, last, requiring all officers and employees to divest themselves of any interest, direct or indirect in stock of any coal companies or firms.

As to the Baltimore & Ohio railroad, the report says:

The evidence shows that 10 officials of this company own an aggregate of 7175 shares of stock of coal companies, per value \$100, and that these companies have their plants on and are doing business along the lines of the Baltimore & Ohio. This stock was acquired in some cases by purchase and in others by allotment as a bonus with bonds purchased, and in a few instances by gift. The criticism applied to practices on the Pennsylvania railroad applies to these practices of stock acquisition on the part of officials of the Baltimore & Ohio.

Regarding the New York Central & Hudson River railroad, it is said that no ownership by any officer or employee of the stock or bonds of coal companies is disclosed, except that certain shares of the Beech Creek Coal & Coke company, of the Clearfield bituminous coal corporation, in which the New York Central has stock interests, were issued in the names of certain officers of the railroad company to qualify them as directors of those coal companies, that they might represent the railroads holdings.

Under the general head of contract in the form of trust or conspiracy in restraint of trade the report touches upon the various railway and freight associations in the territory covered by the investigation, and says it was apparent to the commission that "the associations were used for the purpose of agreeing upon and maintaining freight rates, and that the distribution of tonnage to the several roads was only maintained insofar as the same was accomplished by fixing agreed freight rates."

Regarding the various associations, the following conclusions are reached: "The commission finds in the Associated Railways of Virginia and the Carolinas an agreement among the several railroad parties thereto not to reduce coal rates without consultation, and the inference is that the consent of the railroad companies represented in the association is required.

"In the eastern New York and New England All Rail Bituminous Coal Traffic association, the purpose of the association was to see that the prices of coal and freight rates were maintained and if any railroad company party to the agreement did not maintain such prices and rates, they were subject to such action as the executive committee might advise.

"In the Bureau of Bituminous Coal Statistics, Buffalo district, originally called the Buffalo Coal association, the principal purpose seems to have been the maintenance of rates between the parties.

"In the Ohio Coal Traffic association, located at Columbus, O., an agreement appears as to rates by all of the roads, although in many instances rates are fixed thereby which should be competitive. The whole purpose of the association seems to be the maintenance of agreed rates on coal traffic."

Under the heading of "Monopoly of any part of the trade or commerce in coal or traffic therein," evidence concerning the "Community of interest" between the Pennsylvania, Baltimore & Ohio, Norfolk & Western, Chesapeake & Ohio, New York Central, and Philadelphia & Reading railways is considered. The report continues: "The associations having failed to accomplish the desired purposes, the Pennsylvania railroad company determined to buy sufficient stocks of

the Chesapeake & Ohio, Baltimore & Ohio, and Norfolk & Western railroads, so that acting with others it might control the policy of these roads. The commission reaches the conclusion, aside from the question whether the Pennsylvania railroad had a majority of the stock of the other railroad companies mentioned, except the New York Central, that as a matter of fact the Baltimore & Ohio, Chesapeake & Ohio, Norfolk & Western, and Philadelphia & Reading railroads were practically controlled by the Pennsylvania railroad, the New York Central & Hudson River railroads, and that the result was to practically abolish substantial competition between the carriers of coal in the territory under consideration.

"Since the taking of evidence in this investigation the commission is advised through the public press of the sale by the Pennsylvania railroad of its stocks of the Baltimore & Ohio, Chesapeake & Ohio, and Norfolk & Western, or a part thereof, but who is to become finally the owner of these stocks the commission is not advised. This action on the part of the Pennsylvania railroad appears to the commission as a recognition of the public demand that there should not be stock ownership by one road engaged in interstate commerce in a substantial competitor also engaged in interstate commerce."

The report says the ownership or interest in coal properties or coal traffic by carriers or their officers or employees has, in the opinion of the commission, brought about discriminations, injustice and inequalities in the service to independent operators, and has prevented many persons who desired to engage in mining coal from doing so and that the combinations or contracts of the several carriers, members of the associations mentioned, has had the effect of increasing freight rates and also the price of coal to the consumers.

The report says it appears that one of the most fruitful sources of complaint by shippers against the carriers, as far as car distribution and the furnishing of facilities is concerned, has grown out of the want of publicity on the part of the carriers in their dealings with shippers. If the carriers had conducted their business with shippers openly and had furnished information, as to car distribution, to which shippers were entitled, much of the favoritism according to the report, would have been averted and wherever unjust suspicions were aroused the fact they were incorrect would have readily appeared. On the Pennsylvania and Baltimore & Ohio railroads it was almost impossible for the shipper to ascertain actually what was the system of car distribution, and whether it was faithfully carried out. The commission announces that the method of rating mines on those roads where the capacity of the mines to produce coal is an element considered in the distribution of cars to the several divisions or districts and each mine therein has not been carried out with the care of fairness which should characterize such responsible and important duties.

It is declared that many inequalities and unjust methods are used in arriving at the capacity of each mine. It is strenuously claimed on the part of the Pennsylvania railroad company, the report says, that the acquisition of the stocks of the Baltimore & Ohio, the Chesapeake & Ohio, and the Norfolk & Western by the Pennsylvania railroad company, is the real cause for the cessation in rebates, which seems to have taken place immediately after the stocks in these companies acquired, and this claim in part seems to be justified.

## MARCH 19 DAY OF SPRING PRIMARIES

Political Pot Must Soon Begin to Simmer as Nomination Papers Must Be Filed March 4.

Tuesday, April 2, is the date of the spring election and the spring primaries to name the candidates on the respective tickets will be held on Tuesday, March 20—fifteen days before the election. The nomination papers must be filed by March 4, fifteen days before the primaries, and must contain the names of not less than 3 per cent or more than 10 per cent of the voters of his party in the district or districts where he is to be voted upon. Necessarily, therefore, the political pot must soon begin to boil. Only forty days remain.

Java's Death Plant.  
The kail mujah, or death plant, of Java, has flowers which continually give off a perfume so powerful as to overcome, if inhaled for any length of time, a full-grown man, and which kills all forms of insect life that comes under its influence.

The Auto and the Horse.  
Gen. F. D. Grant has described the use of the automobile in the army in a few terse words. "It never will replace the horse," he said. "A horse can go where an automobile cannot, but where both can go the automobile can, of course, get there quicker."

Judge Worthy of the Bench.  
In the court of Judge Klarnroth, of Pasadena, Cal., the other day, when a witness had testified that she was married and a cross-examining attorney asked her: "Will you swear that you are married?" the judge stopped him and made him apologize, remarking: "Never, in the eight years I have held court have I allowed a woman to be insulted."

### LOCAL LACONICS.

Rough Usage for Nags: Street Commissioner James Sennett says that three of the five horses belonging to the band of Gypsies who are spending the winter in a tumble-down house near the railroad tracks and the intersection of N. Fifth and Glen streets, have been tied out these cold nights with only a few meagre pieces of carpet thrown over them. The poor beasts are compelled to forage on what bedding straw they can find in a load of barn refuse and when he passed by early yesterday morning the little pieces of carpet had fallen off their backs and the horses were shivering in the chill air. The Humane Society has an opportunity to investigate.

## SEMESTER CLOSED; EXAMINATIONS HELD

Half Year of School Completed Today  
—Miss Agnes Greening Leaving Faculty.

Today marked the close of the first semester at the high school and the second half of the year's work will be commenced Monday. Several studies in the various courses were completed and in these examinations were given. Other studies will be started Monday, but the final tests in those will be given when the third term examinations are held next June. This was also the last day of school for Miss Agnes Greening, instructor in botany, physiology and physical geography. She will go to her home in Palmyra and keep house for her father. Her place is to be taken by Miss Mary Armstrong of Wauwatosa, a former member of the faculty.

## WOULD UNITE AS TO A BIG CELEBRATION

United Spanish War Veterans Appoint Committee to Confer with Citizens.

At the regular meeting of the United Spanish War Veterans of the question of having a rousing Fourth of July celebration was thoroughly discussed last evening. As a result a committee of three, consisting of Charles Caniff, George Kueck and J. T. Snyder, was appointed to confer with a committee of citizens upon the advisability of holding such a celebration. It had been originally planned to have the celebration of the day held under the auspices of the Harry L. Gifford camp and invite other camps in neighboring cities to cooperate, wading up with a sham battle. This plan was abandoned last evening and it was decided to merely appoint a special committee to meet with the business men to offer the aid of the camp in holding such a celebration as might be planned. In view of the fact several prominent business men has talked of a celebration it is probable that a meeting of the old Fourth of July committee will be held and steps taken to find the public sentiment on the matter. Should such be the case it is probable the Harry Gifford camp will plan for a reunion to be held here on the same day of different camps of the United Spanish War Veterans and do all in their power to make the day a success. There has been some talk of asking the war department to permit a company of cavalry or a battery of artillery be sent from Sheridan for the occasion, and as there is much talk as to such orders it is probable that this question will be decided very shortly. The Ladies' Auxiliary of the Harry Gifford camp was also successfully organized at the meeting. The following officers were elected: President, Mrs. Pearl L. Hill; Sen. Vice President, Mrs. Martha A. Kueck; Jun. Vice President, Mrs. Louise Dixon; Secretary, Mrs. Elina Sherwood; Treasurer, Mrs. Ella Gifford; Chaplain, Mrs. A. L. Snyder; Conductress, Mrs. Jessie G. Penny; Guard, Mrs. Meta Jaekle; Delegates, Mrs. Irene S. Falter and Mrs. Louise Dixon; trustees, Mrs. Mary E. Nott and Mrs. Irene Falter.

## YEAR IN PRISON FOR WILLIAM BURNS

Man Charged with Stealing Charles Splettoesser's Overcoat Pleaded Guilty Last Night.

Late yesterday afternoon William Burns of Davenport, Iowa, who was arrested on the charge of stealing an overcoat belonging to Charles Splettoesser, decided to amend his plea to "guilty." Judge Field sentenced him to one year in the state's prison at Waupun and he was taken thither this noon by Sheriff I. U. Fisher. From the manner in which Burns extended his hands to receive the handcuffs, the jail authorities judged him to be a veteran prison-bird, though he made no admissions on that score.

## INTERURBAN GRANT SAVED BY CLAUSE

Would Have Elapsed Last Had It Not Been for Little Point Few Noted.

According to the original terms, the Janesville & Madison Interurban franchise grant was to lapse if not accepted ninety days after the passage of the measure. The ordinance passed on October 22 and the ninety days were up on Tuesday of this week. Friends of the measure would have received a bad scare had they been in the city clerk's office today when the matter was investigated. But the promoters had not gone to sleep and allowed the matter to lapse. After all, for in the measure as it was finally passed there was included a clause, the purpose of which was to file ninety days after the said ordinance becomes operative according to Chapter 357 of the laws of 1903. That is the saving clause. For the law cited provides that such a measure does not become "operative" until sixty days after its passage. So the Janesville & Madison Co. has until March 22 to signify its intentions in the matter.

## FINDS REQUEST FOR AN HONEST HUSBAND

Local Merchant Discovers Letter Written on a Board in Bolt of Goods.

Notice

Imagine the surprise of a local merchant on finding this request on the board of an empty bolt of cloth this afternoon as he was taking his inventory. Evidently Mary is particular and as the finder was ineligible owing to age and present conditions of servitude he has handed this to the Gazette in hopes poor Mary Mischiowsky may be aided in her search like Diogenes of old, for an honest man aged fifty.

## MORTUARY MENTION.

## BANK STOCK

Unlike other corporation stock carries with it a double liability. That is for every dollar's worth of stock a man holds in a banking corporation he may be called upon to pay another dollar. Surplus and undivided profits carry with them no such liability.

The National Banking Act recognizes this distinction and requires all national banks in cities of Janesville's size to have a capital of at least \$100,000. This bank's capital is \$100,000 and the stockholders are liable for \$100,000, a total of \$200,000, which protects your money if deposited in this bank.

We pay three per cent interest on certificates of deposit.

## Suburban News In Brief

**MILTON.** Jan. 25.—The Seventh-day Baptist churches of southern Wisconsin and Chicago are holding their quarterly meeting here.

A. Deloss Burdick has been visiting his children at Walworth this week.

M. C. Whitford has been at home this week. The Dakotas have not been a good place for a traveling man to get about in recently.

Herbert A. Palmer of Getsburg, S. D., shook hands with old acquaintances in the village Tuesday.

Will Clarke, who is in the furniture business at Antler, N. D., visited Milton relatives this week.

Mrs. A. B. Lee has gone to Lincoln, Neb., where she will visit friends for several weeks.

Born to Mrs. Blanche Hulton-Morrell of Cripple Creek, Colo., a daughter.

D. Y. Berkalew and wife were called to Lake Geneva Wednesday by the sudden and unexpected death of Mrs. Gough, sister of Mrs. Berkalew.

Mon. P. M. Green has been confined to the house this week by illness.

Miss Corabelle Crandall has recovered from her recent illness and resumed her position with Dunn, Boss & Co.

W. B. Maxson, who has been prevented by illness from taking charge of his business personally, is improving and will soon be out.

H. P. Goodman of Whitewater visited Dr. J. M. Sullman Thursday.

**AFTON.** Jan. 24.—From present prospects the next meeting of the Moonlight club, to be held at Brinkman's hall, Tuesday evening, Jan. 29th, will be a "hummer." It is the favor of the weather man can be invoked there will be a large attendance, as unusual interest is being manifested in the debate, which will form the evening's program. The disputants are working hard in preparation for the oratorical combat and as the question, "Resolved, that the liquor traffic is not America's greatest menace," is one of great importance, the outcome of the contest will be awaited with considerable eagerness. That the claims of each side will be carefully considered and earnestly presented is evidenced by the personnel of the contending forces. For the affirmative, Supt. O. D. Antisdel is leading disputant, with Miss Sarah Z. Drafa and C. B. Van Gilder as assistants, while C. B. Van Gilder will be the upholder of the negative. He will be assisted by John T. Atkinson as leader, assisted by Miss Mary Roherty and Charles Porter. The judges will be three representative Janesville men, thus assuring an unbiased decision. It is expected that E. L. Rasey of Beloit will preside and that Finley Bros. orchestra will play. Supper for the occasion will be furnished by Mrs. Nellie McCrea, and it is planned to begin serving at seven o'clock. Remember that this is ladies' night and that members of the fair sex are expected to avail themselves of this opportunity to spend a pleasant and profitable evening.

**St. Valentine's Day Supper.**—St. Valentine's day will be marked this year by the holding of the annual supper and dance of the Ladies' Aid society, plans for which are now being perfected by members of that organization. The event will be held at Brinkman's hall on the evening of Feb. 14th and is already being looked forward to with pleasant anticipation by those who have participated in occasions of like character in former years. The society met to sew for Mrs. L. C. Walters, at her home south of Afton, on Thursday of this week.

**Will Study Japan.**—"Japan" will be the basis of study by members of the literary society for the meeting to be held next Thursday evening. The subject has been divided and topics assigned as follows: "Race," Myrtle Drafa; "Climate, productions and industries," Selma Hammel; "History and development," David Thorne; "People and customs," Ella C. Uehling; "Important cities," Hattie Antisdel; "Russian-Japanese life," Mattie E. Miller; Roy Antisdel, Maggie Oakley. The leader for this meeting will be Otto E. Uehling, the news report will be given by Ernest Antisdel and the music committee comprises: Floyd Miller, Ethel E. Soper and Selma Hammel. If the snow king gets busy and gives us good sleighing by next Thursday the meeting will be held at the pleasant home of Mr. and Mrs. C. H. Griffin. If not, the home of Mr. and Mrs. U. G. Waite will be the place of meeting.

The caller didn't look it, but she declared to little Clara that she dearly loved children. It may be that she said so because she heard the distant swish of the skirts of Clara's mamma, but whatever the cause, she repeated it urgently. Then, as the small lady with the per cat made no move to answer her invitation to come and make friends, she asked: "Why is it that you love your kitty better than me, dearie?" Then Clara's mamma entered the room with an ill-concealed smile, as she heard her daughter answer: "Cause she purrs as if she meant it."

GREW MISS LEWIS' HAIR

AND WE CAN

## PROVE IT

The Great Danderine Never Fails to Produce the Desired Results

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly teeming with new life and vigor. That's the main secret of this great remedy's success as a hair grower. It enlivens, invigorates and fairly electrifies the hair glands and tissues of the scalp, causing unusual and unheard-of activity on the part of these two most important organs, resulting in a strenuous and continuous growth of the hair.

The following is a reproduction of Miss Lewis' last letter:

Dear Doctor Knowlton:—  
January 3, 1905.  
You know I told you in my first letter that my hair would not reach below my shoulders, and that all of it together only made one tiny braid.  
I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it.  
Everybody I know is using Danderine, so you see I am doing something to show my appreciation.  
Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer, and therefore the greatest hair-producing remedy the world has ever known. It is a natural food and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

NOW at all druggists in three sizes, 25 cents, 50 cents and \$1. per bottle.

FREE. To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

Simple Remedy for Hives.  
A simple remedy for hives and one which is usually very successful is: Every morning for three mornings immediately upon arising take a cup of milk, in which has been added one tablespoonful of bicarbonate of soda and a half teaspoonful of sulphur; for a child a teaspoonful of the soda is sufficient and in either case the sulphur may be dissolved with as the main thing is the salt to neutralize the acid stomach.

## TOWNSHIP IS FLOODED

WABASH RIVER LEVEE AT MEROM, IND., HAS GIVEN WAY.

Missouri Farm Lands Under Water—Negroes Forced to Work on Shawneetown Levee.

Terre Haute, Ind., Jan. 25.—Telephone advices from Merom, south of this city, state that the Wabash river levee, protecting an entire township, broke late Thursday afternoon and the 300 people of the valley had to flee for their lives. The Illinois Central railroad tracks at Riverton are being washed out.

One farmer with 1,000 head of cattle and 500 head of hogs is trying to save his stock with a ferry boat. This loss to the township will aggregate thousands of dollars.

Vincennes, Ind., Jan. 25.—Two breaks in the Wabash levee, one at Mariah Pond, seven miles north of Vincennes, the other four miles north of Emerson, Thursday flooded nearly 10,000 acres of rich bottom lands, causing over \$25,000 damage.

Cairo, Ill., Jan. 25.—The river is running over the levees at Bird's Point, Mo., and thousands of the best farming land in Missouri is under water. As the river rose gradually nearly every resident of the lowlands went to places of safety and most of the stock had been driven out. The damage at this overflowed section will be tremendous.

Evansville, Ind., Jan. 25.—A telephone message from Mayor Kratz at Shawneetown, Ill., at seven o'clock Thursday night stated that every able bodied man left in town was working on the levee. The levee is holding intact up to this time. The negroes of the town refused to work on the levee and a party of white men headed by Mayor Kratz, with barrel staves in their hands, forced the negroes to go to work.

Natchez, Miss., Jan. 25.—The Mississippi river at this place has passed the danger line, the gauge recording one-tenth of a foot above the line, 44 feet at four o'clock Thursday afternoon. This stage puts a very heavy acreage of cultivated and timbered land under water. People in the lowlands are moving all movable property to high ground.

Grand Rapids, Mich., Jan. 25.—The ice gorge which began forming here Wednesday in Grand river now practically extends from a half mile north of this city nearly to Grand Haven, 40 miles away. While the water is slowly falling below this city, it is rising hourly above. An ice gorge is now forming above which threatens to flood nearly all the west side, the river streets being under water.

## LONDON MERCHANT SLAIN.

Mm. Whiteley, Founder of First Department Store Assassinated.

London, Jan. 25.—William Whiteley, founder of the first big department store in London, was shot and killed Thursday afternoon, by a young man who afterwards attempted to commit suicide. Mr. Whiteley was upon the point of leaving his store when his assailant rushed up to him with a revolver in his hand, fired several shots and the merchant fell dead where he stood. The assassin then emptied the revolver into his own body, inflicting what are believed to be mortal wounds. No reason has yet been assigned for the murder. The store was crowded with shoppers at the time and a panic followed the tragedy.

At the hospital the murderer gave the name of Cecil Whiteley and said he was a son of the murdered man. Relatives of the late Mr. Whiteley who have seen the assassin say that they do not recognize him.

The following penciled statement was found on Mr. Whiteley's assailant:

"To all whom it may concern: William Whiteley is my father. This two-fold tragedy is due to his refusal of a request which is perfectly reasonable.—R. I. P."

## BAILEY INQUIRY BEGINS.

Special Committees of Texas Legislature at Work.

Austin, Tex., Jan. 25.—The special committees appointed by the two branches of the state legislature to investigate charges preferred against United States Senator Bailey, met in joint session Thursday. The session was, for the greater part, executive.

While the proceedings were not made public, it is believed that the additional charges preferred by Representative Cooke wherein it is charged that Senator Bailey used his official position to manipulate land deals in Indian territory to his private gain were considered. Because of the grave character of the charges, involving a possible violation of a federal statute, the committee has decided to limit the range of the inquiry until more definite information can be secured.

Franklin Company Sells Herds. Bellefourche, S. D., Jan. 25.—The Franklin Cattle company, the largest range cattle company in the west, has sold its entire herds of 30,000 head of cattle and will go out of business. The range of the Franklin herds was through western South Dakota and northern Wyoming.

Iowa Doctor Kills Himself. Bloomfield, Ia., Jan. 25.—Dr. W. W. Davis, one of the oldest physicians in Davis county, committed suicide Thursday by swallowing carbolic acid. Despondency following ill health is said to have been the cause.

World's Largest School. The largest school in the world is the Jews' free school of Spitalfields, England, which has a daily attendance of more than 3,000 pupils.

## PENSION AGENCIES TO BE ABOLISHED

HOUSE VOTES TO CONSOLIDATE THEM IN WASHINGTON.

## PENSION BILL IS PASSED

Military Affairs Committee Favors Permitting Wives of Enlisted Men to Be Buried With Their Husbands.

Washington, Jan. 25.—The house Thursday voted to abolish all the pension agencies throughout the country, 18 in number, and centralize the payment of pensions in the city of Washington. This action was taken on the pension appropriation bill after spirited opposition on the part of those having pension agencies in their states.

By a vote of 53 to 114 an amendment offered by Mr. Dalzell, of Pennsylvania, restoring the number of agencies to 18 as at present, was defeated and then an amendment offered by Mr. Gardner, of Michigan, consolidating all the agencies in one, was adopted without division.

## Pension Bill Passed.

The pension appropriation bill carrying \$138,000,000 in round numbers, was passed.

A message from the president was read relative to insurance and at 2:30, out of respect to the memory of the late Senator Alger, of Michigan, the house adjourned.

The house committee on military affairs decided Thursday to make a favorable report on a bill permitting the wives of enlisted men to be buried in the same graves with their husbands in national cemeteries. This measure was strongly urged for several years by Mrs. Tanner, wife of "Corporal" Tanner. Mrs. Tanner was killed in an automobile accident last summer. Since her death "Corporal" Tanner has worked for the measure and he is largely responsible for its progress.

## To Elect Supreme Court.

Mr. Lamar of Florida introduced a bill in the house Thursday providing for the election of the judges of the United States supreme court by the people, the chief justice to be selected by the nine judges after their election. He would have the United States divided into nine districts for the purpose of holding the judicial elections. The bill also provides that postmasters shall be selected by popular vote.

## MISSOURI HITS CIGARETTES.

House Passes Law Against the "Paper Pipes."

Jefferson City, Mo., Jan. 25.—The house Thursday afternoon passed the anti-cigarette bill by a vote of 100 to 22. The bill prohibits the sale, manufacture or giving away of cigarettes or cigarette papers to any person.

The house also passed the "anti-lobby bill," which was amended last Monday to conform to the New York statute.

Senator Ely of Dunklin county introduced a bill in the senate providing that the operation of a "bucket shop" shall constitute a felony. The railroad committee of the house Thursday night voted to report the two-cent railroad passenger rate bill favorably. Gov. Folk says the bill will be passed by both houses of the general assembly and sent to him for his signature within the next 20 days.

## Reduction in Rates Enjoined.

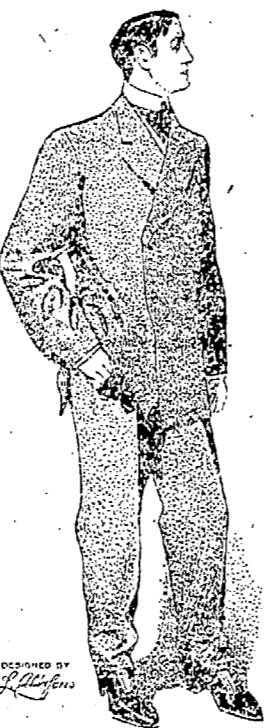

St. Paul, Minn., Jan. 25.—Judge Lochren of the United States circuit court Thursday afternoon granted a temporary restraining order on behalf of the ten railroads doing business in the state of Minnesota, restraining the state railroad and warehouse commission from putting into effect the reduction in freight rates ordered by the commission December 24. The railroads allege that the order is confiscatory in its nature.

## MONEY COUNTS MOST

The time when the buyer secures the greatest possible value for his money is during the off season. The mild weather conditions of the early winter season were not conducive to as much movement in heavy Suits and clothing as we could wish and the necessity for quick striking action in clearing out stock is imperative. It might be expected that "shell" room goods would be sold at a big discount, but when the opportunity occurs for securing fresh, new, seasonable clothing of the guaranteed kind at close in prices, there is something more than the ordinary in your buying. Our sales have always been so dependable that the mere mention of the fact of a clearance instills confidence. Not an article but that is sold on Rehberg's guarantee.

## Sweeping Reductions in Every Department

## Clothing Items and Prices...

\$11.00 Suits and Overcoats at	\$ 7.95
\$12.50 to \$13.50 Suits & Overcoats	9.95
\$15.00 to \$16.50 Suits & Overcoats	11.95
\$18.00 to \$20.00 Suits & Overcoats	14.95

The Suits are double or single breasted, those handsome hand-tailored natty styles, strongly made; pretty patterns in blues, blacks, grays, plaids and fancy mixtures. They are the sort that attract admiring attention to the wearer. If you understand bargains, your judgment will provide you with a Suit.

The Overcoats are the product of the best makers in the United States. Our reputation has been made on them. Your appearance and pocket will be materially helped in the ownership of one of them. Semi-form fitting and loose backs, all colors—Vicunas, Meltons, Friezes, Kerseys, etc.
